

Annie's Art School at Whitman

Andrea "Annie" Montisano was a 1998 graduate of Whitman Elementary School. She died shortly after her graduation, never realizing her dream of becoming an art teacher.

To honor Annie's passion for art and to acknowledge their community, the Montisano family has established **Annie's Art School** as a part of the Andrea Montisano Foundation. The mission of **Annie's Art School** is to instill in students an awareness and joy of art through a mixed media program while expanding cultural knowledge and educational creativity.

Annie's Art School/The Andrea Montisano Foundation is a non-profit foundation administered through the San Diego Education Fund. Your tax-deductible donation allows **Annie's Art School** to continue providing fun and creative learning to Whitman students at no charge. For proper acknowledgement, please make your checks payable to The San Diego Education fund #2509 and mail them to:
